THE DELEGATES

Elected to the National Convention Massing at St. Louis.

A Division of Sentiment in the Ranks Between the Support of Bryan

And Independent Action Sharply Defined—Chairman Taubeneck Favors Senator Teller for President—The Silver Convention Meets the Same Day.

St. Louis, Mo., July 16.—As the time approaches for the assembling of the people's party national convention the division of sentiment between support of Bryan and independent action becomes sharply defined. At the party headquarters there is uneasiness. Chairman Taubeneck has committed himself to Teller while the burden of the majority of the telegrams and letters received there favor the endorsement of Bryan. It is no secret that Mr. Taubeneck would gladly recall his endorsement of Teller now that even the Colorado senator has said a good word for the Chicago nominee. As a prominent populist put it, "Taubeneck went off at half cock."

Life is being made a heavy burden to Chairman Taubeneck and he has worn a worried look ever since the Chicago convention. "I have nothing to say for publication," he reiterated Wednesday morning at the conclusion of a long conference with "Cyclone" Davis, the Texas leader.

A meeting of the national committee is called for Saturday noon.

The members of this committee are H. E. Taubeneck, M. C. Rankin, J. H. Turner, Lawrence McFarlin, Ignatius Donnelly, Geo. F. Washburn, J. H. Davis, Geo. F. Gaither and V. O. Strickler. Taubeneck and Davis are the only members of the committee now here, but the others will arrive Thursday and Friday.

Following are Wednesday's prominent arrivals: Hon. J. H. Davis, of Texas; R. G. Scott, ex-chairman of the populist state committee of Iowa; J. B. Perrin, a delegate from Philadelphia; N. D. McDowell, son of the sergeant-at-arms, and M. H. Owen, a Tennessee delegate from Brownsville.

One serious question which faces the populists is the attitude of the silver party, whose representative on the ground, Dr. J. J. Mott, of North Carolina, practically confesses that his party will almost assuredly endorse Bryan. This is a decided reversal of form in comparison with the original policy of the silver party.

All the hotels are booking guests rapidly, and the number of visitors to the two conventions will be as large as those who attended the republican convention. The populists will assemble in convention Auditorium at 12th and Poplar streets on July 22.

The silver party convention will convene on the same day at Music hall, in the Exposition building, Thirteenth and Olive streets. The latter will have 1,200 delegates, its basis being nearly the same as the populists, which is hinged upon its own vote instead of being double the congressional representation.

ENGINEER AND CONDUCTOR

Blamed by the Coroner's Jury for the Railway Accident at Logan, Ia.

LOGAN, Ia., July 16.—After two hours of deliberation, the coroner's jury in the inquest over the Union Pacific Pioneer's excursion train disaster returned a verdict that the death of the 25 passengers was caused through the critical negligence, carelessness and neglect of the conductor of the excursion train, A. L. Reed, and the engineer, J. D. Montgomery. Coroner MacFarlane issued a warrant to Sheriff Eddie to bring the men from Boone, Ia. They will be held, unless bail is given, until the grand jury convenes September 8.

Iowa Republican Ticket.

DES MOINES, Ia., July 16.—The republican state convention Wednesday adopted resolutions reaffirming the St. Louis platform of the party with a paragraph pledging the Iowa delegation in congress to faithfully work in behalf of international bimetalism. The following ticket was nominated: Secretary of state, George L. Dobson; auditor, C. G. McCarthy; treasurer, John Herriott; supreme judge, Scott M. Ladd; railroad commissioner, Ed A. Dawson; electors-at-large, E. H. Conger, Edward S. James.

Tillman's Daughter Killed by Lightning.

COLUMBIA, S. C., July 16.—It was reported here Wednesday night that Miss Addie Tillman, the eldest daughter of Senator Tillman, was killed by lightning on the mountain near Vreard, N. C., Wednesday afternoon. Gov. Evans, his mother, Mrs. A. V. Evans, his sister, Miss Mary Evans, Mrs. J. W. Bunch and Mr. U. X. Gunter, jr., went in a private car to Trenton Thursday afternoon. The funeral will take place from Trenton, S. C., the home of Senator Tillman.

Habitual Criminals' Convention.

COLUMBUS, O., July 16.—The convention of habitual criminals, held at the penitentiary Wednesday night, raised \$150 as the nest egg of a fund to test the law whereby a felon shall be sent up for life on a third conviction. Each of the 28 habitual criminals will send to his folks or home for all the money they can spare.

Wisconsin Silver Men Indorse Bryan.

MILWAUKEE, Wis., July 16.—The state convention of the silver party in convention assembled, at West Side Turner hall, Wednesday afternoon, indorsed the platform and candidates of the democratic national convention at Chicago and elected delegates-at-large to the convention at St. Louis.

Little Hope of Saving the Steamer. SAN FRANCISCO, July 16.—There appeared to be but little hope Wednesday evening of saving the Pacific Mail steamer Colombia, on the rocks at Pigeon Point. The Colombia is rolling heavily on the rocks, thumping herself to pieces.

Outdoor labor was generally suspended and there were not so many sunstrokes as Tuesday, only four being treated at the city dispensary.

ABATING A NUISANCE.

Dog Nelson Uses Queer Means of Disposing of a Snarling Cur.

The London Spectator tells a dog story of unusual quality:

Nelson was one of ourselves. Where we went he went. He was especially fond of following our trap, and nothing, not even his dog friends, could divert him from his faithful attendance at our wheels.

One summer we were staying at the west coast village of Saltoctes, where the sands are broad and flat, and we often drove along the road skirting the bay. Nelson followed, of course. The dogs of the village seldom molested or interrupted him, but one rash little terrier repeatedly rushed out of his garden gate as we passed, and bit at Nelson's heels.

Time after time Nelson declined to notice the insult, but one day his patience became exhausted. Turning around he caught the unhappy terrier by the back of the neck, carried him down the sands and into the water chest deep, put his paw on him and drowned him, and then carried him back to the dry sand and laid him out there.

One crunch of his jaws would have done the deed, and more quickly; but it seemed as if Nelson had no personal animosity against the dog, or at least had suppressed it, but concluded that the world would be better off without such a snarling cur.
